

Devon People First

How are we run?

Devon People First is run by a committee, which is elected by people with learning disabilities. We have one office in Mid Devon and one North Devon. We are starting a new office in Exeter this year.

Our offices are run by people with learning disabilities. We get help from support people we employ ourselves. These support people cannot vote or make decisions.

We also get help from advisors who know about things like money, the law and other areas where we need help.
